

ANTI-BULLYING PLAN 2024

Forest Hill Public School

Bullying behaviour has three key features. It involves the intentional misuse of power in a relationship. It is ongoing and repeated, and it involves behaviours that can cause harm. The NSW Department of Education requires all NSW public schools to have an Anti-bullying Plan which details the strategies implemented to reduce student bullying behaviours.

Resources

The NSW anti-bullying website (see: <https://antibullying.nsw.gov.au/>) provides evidence-based resources and information for schools, parents and carers, and students. Schools are encouraged to visit the website to support whole-school prevention, early intervention and response approaches and strategies for student bullying behaviour.

Forest Hill Public School's commitment

Our school rejects all forms of bullying behaviours, including online (or cyber) bullying by maintaining a commitment to providing a safe, inclusive and respectful learning community that promotes student wellbeing. Executive staff are committed to establishing evidence-based approaches and strategies that promote a positive climate where bullying is less likely to occur.

1 School culture and inclusion

All members of the school community are active participants in building a welcoming school culture that values diversity and fosters positive relationships. A key component of a supportive school culture is building respectful relationships and an ethos that bullying is not accepted, in both online and offline environments. School staff will actively respond to student bullying behaviour.

Our school engages in the following practices to promote a positive school culture.

Our school proactively builds collaborative relationships with families and communities to create a shared understanding of how to support student learning, safety and wellbeing.
