## LOST PROPERTY

All items of clothing ie school jumpers, school jackets, warm tops that were left in the lost property bins were taken home and washed during the holidays. It is a little disappointing that 30 items were washed and none of them had a name to be able to return them to their owner. Many of the items are smaller sizes. Please come and check in lost property if your child misplaced any clothing last term.

## WWHS Testing Day

Please note the date if your child has been accepted into Wagga Wagga High School next year. They should have received a note explaining the process. Please be aware that it is the responsibility of the parent/carer to transport your child to and from the high school.

## LITTLE SCRIBE MINI\_WRITING FESTIVAL

This week, our school joined in to be a part of Little Scribe's Mini-Festival of Writing. We have been able to watch a range of authors and learn through their workshops.

Each session we have loved watching an illustrator add their flair to the workshop, drawing as the author shares, while the authors and literacy experts guide and direct our writing activities. We were joined by many other schools from all across Australia! We have already enjoyed the workshops with Andrew Daddo, Oliver Phommavanh, James Foley, Wendy Orr and Kristin Darell. We are looking forward to many more throughout the week.

Dear parents, guardians and carers

**Re: Nationally Consistent Collection of Data on School Students with Disability (NCCD)**

Every year, all schools in Australia participate in the Nationally Consistent Collection of Data on School Students with Disability (NCCD). The NCCD process requires schools to identify information already available in the school about supports provided to students with disability. These relate to legislative requirements under the *Disability Discrimination Act 1992* and the Disability Standards for Education 2005, in line with the *NCCD guidelines (2019)*.

Information provided about students to the Australian Government for the NCCD includes:

- year of schooling
- category of disability: physical, cognitive, sensory or social/emotional
- level of adjustment provided: support provided within quality differentiated teaching practice, supplementary, substantial or extensive.

This information assists schools to:

- formally recognise the supports and adjustments provided to students with disability in schools
- consider how they can strengthen the support of students with disability in schools
- develop shared practices so that they can review their learning programs in order to improve educational outcomes for students with disability.

The NCCD provides state and federal governments with the information they need to plan more broadly for the support of students with disability.

The NCCD will have no direct impact on your child and your child will not be involved in any testing process. The school will provide data to the Australian Government in such a way that no individual student will be able to be identified – the privacy and confidentiality of all students is ensured. All information is protected by privacy laws that regulate the collection, storage and disclosure of personal information. To find out more about these matters, please refer to the [Australian Government's Privacy Policy \(https://www.education.gov.au/privacy-policy\)](https://www.education.gov.au/privacy-policy).

Further information about the NCCD can be found on the [NCCD Portal \(https://www.nccd.edu.au\)](https://www.nccd.edu.au).

If you have any questions about the NCCD, please contact the school.

Kind regards

**Cameron Williams**
